**Check out these awesome client testimonials from our Train-N-Play trial!**

"I like the fact that the program built on the initial training that our dog had. We were able to see progress within a couple days, and noticed that he was now 'remembering' commands, paying attention, and he had more association between command and action with what he was supposed to do. Thanks so much for allowing us to participate in this trial!"

"Cap really enjoyed Train-N-Play and it was a great experience for him. Every staff member that I have interacted with has been very kind, and I can tell that they really care about Cap, and all the dogs."

"I could see the trainer's name on the report cards each day, and they were great! Overall, I think this is an amazing idea and addition to the training programs there, and I will definitely be signing our pup up for more! This was a great way to mix her getting much needed play and exercise while also working on

continued skills. I love that we now have this option!! Thank you all for the amazing work you do!"

"Catalina was extremely helpful. We believe Gabriel learned a lot and is a better pup do to the training. Thanks for letting us participate."
