

WELCOME FRIENDS!

At **Best Friends Fur Ever**, we understand that your dog is a member of your family, so we strive to provide a home away from home for each furry friend that visits us!

We provide guidance, wisdom, and care in one of life's most meaningful journeys - dog ownership. Best Friends Fur Ever provides a lifetime of quality care for every dog, every stay, and every day.

As an industry leader, our resorts far exceed pet care facility standards. Our dog resorts in Cockeysville and Joppa Maryland are situated on over 20,000 square feet and 10,000 square feet respectively, including spacious outdoor play areas and climate controlled indoor play areas/lodging.

We offer a wide variety of services to meet every dog's unique needs while providing them the same loving attention they'd receive in your home. Dogs need that attention along with physical exercise, emotional stimulation, mental engagement, and plenty of rest to stay healthy, happy, and avoid boredom. Best Friends Fur Ever is sure to meet and exceed the needs of both you and your dog!

Best Friends Fur Ever welcomes all dogs and provides them with an experience that is safe, nurturing, and fun! We offer a wide variety of programs to fit your dog's unique needs and cater to their natural rhythm. The benefits are numerous, from socialization to staying fit, healthy, and mentally stimulated!

DOG TRAINING

A healthy relationship between a pet parent and their pup requires communication, and training is a vital part of that process. Whether you have a new puppy or a mature dog, [BFFE Dog Training Dogversity](#) will enrich the life of your pup and your relationship with them.

- **Puppygarten:** Designed for pups from ages eight weeks to four months. This is a three-week program that meets Monday, Wednesday, and Friday where you and your pup will learn the skills necessary to control basic puppy behavior, as well as establish the foundation for a well-mannered and successful dog. In this program, your pup will learn potty training, crate training, and that nipping and jumping are not appropriate. They will also be socialized with puppies of the same size/age and be introduced to the standard grooming process (brushing, nail trimming, etc.) to ensure they become comfortable with these processes at an early age.
- **Doggymentary:** Designed for pups from ages four months to one year. This is a two-week program that meets Monday-Friday where your pup will learn the five core commands (sit, place, down, let's go (loose leash walking), and wait) to develop the foundational skills necessary to exhibit desirable behaviors at home and in various social situations.
- **DoggyMiddle:** For dogs over one year. This is a three-week program that meets Monday-Friday where your pup will add the three D's of dog training (distance, duration, and distraction) to the five core commands, plus one additional command of your choice. You'll also have the ability to customize the program by substituting commands to fit your unique goals.
- **DoggyHigh:** For dogs over one year who have an established training background and are ready for an advanced course. This is a four-week program that meets Monday-Friday and covers the three D's of dog training with

Dog Training (cont'd.)

the five core commands, plus two additional commands of your choice with the same ability to customize the program with other commands you want for your pup.

- **DoggyGrad:** For dogs over one year that are ready to take on our most advanced course. This is a six-week intensive training program that meets Monday-Friday and includes the three D's of dog training with the five core commands, plus three additional commands of your choice with customization. After this program, your pup will be an official BFFE Dogversity Graduate and will receive a graduation ceremony and gifts!
- **Train-N-Play:** BFFE is dedicated to a lifelong journey of continuous learning and growth for every dog. Over time, dogs and their owners may need new training skills or refreshers on already learned skills to fit their lifestyles and reach their goals. To introduce a new command or reinforce past training lessons, your pup can participate in our Train-N-Play program. In this program, your pup will receive a training lesson AND play with all their friends on the same day!
- **Train-N-Stay:** Are you going on a trip and want your dog to be trained while you're away? Do you not want to worry about dropping off and picking up your dog Monday-Friday during their training program? We have the perfect solution for you! You can choose to convert your dog's training program to a Train-N-Stay where they will board with us for the duration of their program, and you'll be picking up a smart and well-trained pup!

DOG DAYCARE

Our [Doggy Daycare](#) provides safe and healthy fun, exercise, and mental stimulation throughout the day along with socialization! We offer play groups where dogs are strategically grouped together based on size, temperament, and play style to ensure safe and fun socialization.

Doggy Daycare (cont'd.)

- Spacious outdoor and indoor play areas for endless fun.
- Trained, professional handlers always monitoring playtime.
- Check in on your dog throughout the day right from your phone or tablet by tuning in to our live stream.

DOG BOARDING

While you are away, your dog will play! We offer a resort-like atmosphere that provides the same safety and comfort your dog would feel at home.

- Overnight guests enjoy additional play sessions and nutritional meals.
- Temperature controlled to ensure comfort and equipped with a generator should inclement weather or a power outage occur.
- Management is on-site 24/7 and is always available to extend caring service to our furry guests.

ASSISTED CANINE CARE

We recognize that some furry friends may require special attention due to age, recent surgery, seizures, diabetes, blindness/deafness, and physical impairments like paraplegic dogs.

- Dogs stay in a quiet, calming area during their stay with an experienced handler always supervising.
- Your dog will enjoy extra bedding and softer music.
- Our trained professionals are able to administer any type of medication as needed, including insulin.
- We'll carefully adhere to the same routine your dog follows at home or the post-surgical instructions of your veterinarian.

ALL DOGS WELCOME

[All Dogs Welcome](#) is for dogs that prefer to not socialize with other dogs and would rather receive human attention. This program guarantees your dog is receiving the physical exercise and mental stimulation they need by providing them with the following:

- 4 exercise sessions for daily care and 6 sessions for our overnight guests.
- Enrichment and one-on-one sessions with our professionals including owner's choice of activity.
- Mental stimulation with brain teasers, sensory games, puzzles, agility exercises, and more.

DOG GROOMING

Dogs can enjoy a day at our [BFFE Spa](#) that will leave them looking amazing, smelling wonderful, and feeling great!

- Premium baths and full grooms include deep cleansing shampoo, nourishing conditioner, ear cleaning, nail trimming, blow out, and brush out.
- We offer several add on treatments to complete your pup's spa day, including nail filing, healthy skin & coat treatment, shed control treatment, anal gland expression, fresh breath treatment, and flea & tick removal.
- Day care and spa treatment can be combined with a full day of play and pampering.
